STAND

Reinforced, elegant, and motorized wall mount for interactive screen

Ref.: ST-SUP-MUR-ELE-006

This electric wall mount, placed on the floor with an ultra-thin structure, offers elegance and robustness

- Perfectly adapts to screens from 55 to 98 inches.
- Equipped with a socket with its 5m multi-outlet cable, its ingenious design and neat aesthetics allow you to hide the cables in its central column and easily connect your interactive screen while concealing the wires.
- Its adjustment allows for a range of 65 cm.
- The height adjustment is done simply with 2 buttons for smooth
- and secure raising or lowering.
- It adapts to all types of walls thanks to the good distribution of
- the load between the wall where it is fixed and the floor where it
- is placed, offering increased resistance and stability.

DATASHEET
