

WINDOWS PC OPS PACK:

OPS i7 FOR 105" SPEECHITOUCH INTERACTIVE DISPLAY

Ref.: [ST-OPS-i7-006-C12-PACK](#)

This OPS i7 is a Windows PC, integrated with the Windows 10 Pro version. It is designed in a specific format to easily fit into the slot of your interactive display and be invisible, without any visible cables or peripherals.

From the source panel of the touch interactive display, quickly switch from the Android interface to the Windows PC interface and vice versa, depending on your projects.

This OPS pack contains:

- an OPS with an i7 processor
- a Windows 10 Pro licence
- a wireless keyboard
