

speechi

360 Interactive package

**A complete solution to equip
your rooms for 5 years**

The solution to connect, collaborate, teach and share

A Speechi interactive display, Speechi Connect to simplify access, use and administration, Gynzy to enrich the teaching experience, and an extended 5-year warranty: everything comes together in one complete and durable solution.

Interactive display

A range of interactive displays designed for every use: classrooms, meetings, training sessions or everyday collaboration.

Connected experience

A complete platform: users access their workspace, while administrators keep control of the display fleet.

Educational tools

A complete set of resources and activities to enrich lessons, energize exchanges and encourage participation.

5-year warranty

Extended coverage to secure your investment, simplify follow-up and support the display over time.

3 ranges for every use

SuperGlass Essential

To equip rooms simply

SuperGlass Pro

For everyday collaboration

SuperGlass 3

For the most demanding uses

Why choose the 360 Interactive package?

Because an interactive display becomes truly useful when it is simple to use, easy to manage and built to last.

A personal workspace on every display

With Speechi Connect, each user finds their files, applications and tools directly on the display, thanks to a quick QR code connection.

To teach, train and engage

With Gynzy, the display becomes a space for creation and participation: advanced whiteboard, quizzes, resources, animation tools and AI features.

Simple
Complete
Durable

A display fleet under control

With Speechi Connect Admin, administrators manage displays remotely, control usage and harmonise the experience in every room.

Warranty and peace of mind

With the 5-year warranty, your equipment is protected over time and your investment is secured to support everyday use.
