

The mobile document camera

An ideal complement to the interactive touchscreen, the SpeechiCam 7 is a true autofocus document camera with a high definition 8 megapixel lens and advanced viewing software.

SpeechiCam 7 Mini Document Camera

SPE-CAM7-UHD

 Mobile and lightweight (400g)

 Outstanding capture quality (8 megapixels)

 Plug and Play installation

 Folds and unfolds in 1 second

 Very simple and intuitive software

AF Autofocus

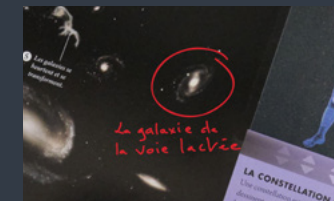

3D 3D Document camera for viewing small objects

 Powerful 8x zoom to read even the smallest characters

 Equipped with a LED lamp

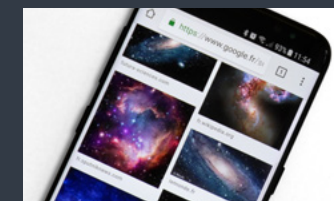

Eye Present software makes it easy to annotate, zoom, film and take screenshots.

Capture images at regular intervals and annotate all filmed content.

Its powerful zoom (8x) makes it possible to read even the smallest characters.

The SpeechiCam 7 can also be used to view a smartphone screen.
